CULTURED CELL CULTURE

WHAT WE EAT DETERMINES WHO WE ARE. THE AVERAGE ADULT LOSES APPROX. 3 BILLION CELLS EVERY DAY. THESE DEAD CELLS THAT ONCE FORMED OUR BONES, MUSCLES, ORGANS AND BRAINS ARE REPLACED BY THE FOOD THAT WE EAT. WHEN AN ANIMAL IS SLAUGHTERED IT EXPERIENCES DEPRESSION, PANIC, ANXIETY AND TERROR. THE CHEMICAL REACTIONS THAT ACCOMPANY THESE FEELINGS REMAIN IN THE MEAT. OUR BODIES ARE BEING RECONSTRUCTED WITH THESE CHEMICALS. AS A RESULT, TODAY WE ARE EXPERIENCING A RISE IN DEPRESSION AND A DECLINE IN INTELLIGENCE.

CULTURE CELL CULTURE IS AN EXCLUSIVE COMMUNITY FOR NEW WORLD RATIONALISTS SEEKING TO ABSORB THE MACRO-INTELLIGENCE OF HONORED AND RESPECTED INDIVIDUALS WHOSE STRENGTHS, EXPERIENCES AND ACHIEVEMENTS HAVE BEEN PHYSICALLY RECORDED WITHIN THEIR OWN BODY'S PROTEIN. TODAY THEIR INFORMATION IS TRANSFERABLE THROUGH DELICIOUS, HIGH-QUALITY MEAT PRODUCTS, AVAILABLE ONLY TO MEMBERS OF OUR COMMUNITY.

OWNERSHIP OF THIS TICKET REPRESENTS OFFICIAL MEMBERSHIP TO THE CULTURE CELL CLUB COMMUNITY.

MEET MEAT SELECTION A0002

REVIEW

ACIDITY IS OFTEN AN IMPORTANT COMPONENT TO STABILIZE FLAVOR, BUT HERE YOU WILL NOT FIND IT, NOR WILL IT BE MISSED. THE LACK OF BITTERNESS IS WHAT MAKES THIS CHOICE COMPLETE. FULL-BODIED,

WELL-STRUCTURED AND BALANCED. THIS SELECTION IS THE PERFECT BRAIN-FOOD FOR THE HEART. IT IS A NECESSITY FOR A TRUE AND COMPLETE UPWARD DIET.
